## PROFESSIONAL SUMMARY

Passionate Software Engineering student, Full-Stack Developer, and innovation enthusiast with a strong interest in inventing impactful technologies. Inventor of an award-winning innovation recognized in innovation competitions, with a passion for transforming ideas into practical, real-world solutions. Experienced in AI-powered applications, scalable web platforms, and modern software development. Skilled in React, Node.js, Java, SQL, Computer Vision, AI, and modern web technologies. Experienced in developing user-focused solutions, leading technical projects, and building AI-driven systems for LMS platforms and healthcare technologies.

## EDUCATION

### Bachelor of Science in Software Engineering

University of Hafr Al Batin, Saudi Arabia | 2023 – 2027

### Nursing Fundamentals Diploma | 2020 – 2021

### Secretary (Computer) Diploma | 2020

### Diploma of English Language

The Academic British Institute | 2018 – 2021

## TECHNICAL SKILLS

- **Programming Languages:** JavaScript, Java, SQL, HTML5, CSS3
- **Frontend Development:** React, Next.js, Bootstrap, jQuery
- **Backend Development:** Node.js, Express.js, REST APIs
- **Databases:** MySQL, MongoDB, PostgreSQL, SQLite
- **Tools & Platforms:** Git, GitHub, Linux, Agile, AWS Basics
- **Other Skills:** Problem Solving, Team Collaboration, Adaptability, Project Management

## WORK EXPERIENCE

### TECHNICAL CONSULTANT & SOFTWARE DEVELOPMENT LEAD – AVIATIONSMINUTE

2025 – Present

- Led technical development and AI-powered platform solutions.
- Contributed to scalable LMS and web platform architecture.
- Collaborated on UI/UX improvements and software planning.
- Supported AI integration and modern web development workflows.

## **TECHNICAL CONSULTANT & SOFTWARE DEVELOPMENT LEAD — AVIATIONS MINUTE**

### **2025 – Present**

- Led technical development and AI-powered platform solutions.
- Contributed to scalable LMS and web platform architecture.
- Collaborated on UI/UX improvements and software planning.
- Supported AI integration and modern web development workflows.

## **FULL STACK DEVELOPMENT INTERN — CODEALPHA**

### **2025 – Present**

- Developed responsive full-stack web applications using React and Node.js.
- Built REST APIs and integrated MongoDB databases.
- Improved website performance and user experience.
- Collaborated with remote teams using Git and Agile workflows.

## **WEB DEVELOPMENT INTERN — ARCH TECHNOLOGIES**

### **2025 – Present**

- Assisted in developing modern web applications and UI components.
- Worked with frontend technologies including React and JavaScript.
- Supported responsive design implementation and bug fixing.
- Collaborated with developers on software development tasks.

## **FRONT-END DEVELOPER**

### **2024 – 2025**

- Developed responsive front-end interfaces using React and Bootstrap.
- Built modern UI designs focused on user experience and performance.
- Customized websites based on client requirements and project goals.
- Improved website responsiveness across multiple devices.

## **PROJECTS**

### **PULSE RING**

AI-powered healthcare and emergency response system designed for early detection of critical medical conditions using Computer Vision, intelligent monitoring, and emergency response technologies.

### **AVIATION MINUTES PLATFORM**

Full-stack AI-powered aviation platform with scalable LMS architecture, modern web technologies, and intelligent automation tools using React, Node.js, and MongoDB.

### **SANAD LENS**

AI platform that converts textbook images into accessible digital formats using OCR and Computer Vision technologies.

### **DIGITAL STORE**

AI-powered e-commerce platform with smart recommendations and modern full-stack architecture using Next.js, TypeScript, and PostgreSQL.

### **MASARAK PLATFORM**

AI-driven legal guidance platform designed to simplify judicial procedures and improve access to legal information.

## CERTIFICATIONS

- Google Project Management Professional Certificate
- Microsoft Project Management Professional Certificate
- Full-Stack Web Development
- React.js Development
- DevOps Essentials
- Programming with Java
- UI/UX Design Fundamentals
- Introduction to Software Development
- TOEFL Certificate of Achievement (English Proficiency)

## PATENT & INNOVATION

**Intelligent Health System for Early Prediction of Cardiovascular and Stroke Risks and Emergency Response**

## LANGUAGES

- **Arabic:** Native
- **English:** Proficient (TOEFL certified)
- **German:** Beginner

## RESEARCH

- **Pulse Ring:** Pulse Ring: An AI-Based Wearable System for Early Detection and Emergency Response Using Intelligent Monitoring and Computer Vision Technologies.
